01

## Scope of Work

### Project Objectives

- Present Construction, Real Estate, and Interior Solutions clearly
- Give prospective customers a direct path to enquire by call, WhatsApp, or form
- Deliver a responsive, SEO-optimised website with optimised page performance

### Design & Content

- Custom website design with a clear visual hierarchy
- Responsive layouts for desktop, tablet, and mobile
- Clear call-to-action sections and enquiry journey

### Website Development

- Core pages for services, about, and contact enquiries
- Lead form, contact details, WhatsApp, and call buttons where required
- SEO-ready structure and optimised page performance

### Deployment & Support

- Domain, DNS, deployment, and SSL setup where supported
- Live website launch and technical setup assistance
- 15 days of post-launch technical support

02

Timeline & Investment

Delivery starts after the advance payment, required content, approvals, and access are received. Any delay in these may extend the delivery schedule. All amounts are in INR.

| PHASE                      | DELIVERABLE                                                         | TIMELINE               | INVESTMENT |
|----------------------------|---------------------------------------------------------------------|------------------------|------------|
| 01 — Website Development   | Website design, responsive development, core pages and enquiry flow | After content approval | ₹15,000    |
